**EQUIPMENT FOR SALE** All Inquiries Call 518-857-0761

*(We can email you high-res versions of photos if you wish, request from racing@cvra.com)*

**SOLD**

**1971 Mack – DM Model C** engine is 230 HP 6-cyl. Mack remanufactured engine that was installed in 1993. Truck has a 5,000 gallon Curry Supply Tank was installed in NE by Curry Supply March 1995. The Mack chassis was a total cab off of frame restoration by Curry Supply in 1995. Truck has air controlled valves front, middle, rear of both sides of truck. Water pump is hydro-driven off front of truck engine. Tank and tank finished in bright red (totally repainted in 2007). All rubber is good and the motor runs like a watch. Truck is ready to go to work today .....**Asking \$17,500 OBO**

**1979 John Deere Motor Grader 12' cutting edge.** Engine was rebuilt from bottom-up, with low hours on rebuild. Transmission was rebuilt just prior to our purchase. Both engine and transmission are very sound. ....**Asking \$12,500 OBO**
